GOVERNMENT TO PROBE SALEYARD

— We'll make submission

The State Government has decided to set up a select working group to study the feasibility of transferring the Newmarket saleyards and abattoirs to Derrimut.

Altona councillors unanimously agreed at their last meeting to advise the Minister for Agriculture, Mr. Smith that Altona will want to make a submission to the group.

"We have always been unanimous in our opposition to this Derrimut proposal," Cr. Les Crofts said.

"Now we have another select committee being formed to look into the plan."

"The Government does need to rethink the idea, I will admit, and after all, they've been thinking about it for 50 years now. Another three won't matter."

"I think our feelings on this question are the feelings of a jolly lot of people this side of Melbourne."

Cr. Crofts was commenting on a letter from local MP Mr. Gordon Stirling, who reported on a deputation of Sunshine council officers and district parliamentarians.

Mr. Stirling said Mr. Smith received the deputation, but suggested that lengthy discussion on the merits of the Derrimut or alternative proposals at this time would not serve any purpose.

The Government had decided to set up a group to study the transfer feasibility and report back to Parliament.

It was intended that all interested bodies would have the opportunity to meet the group. The Minister also agreed to keep the western area MPs informed of progress.

Councillors voted to write to Sunshine council and local MPs in appreciation of their work, and to advise Mr. Smith of plans for a submission

against the Derrimut plan.

Cr. Ray Richards also suggested that councillors and officers attempt to learn who would be represented on the study group. "So we can do some lobbying."

■ Katrina, only daughter of Mr. and Mrs. Syd Fell, of Seaholme, and husband Graham Haslam at their wedding at St. Andrew's Presbyterian Church, Footscray.

The bride's father is Town Clerk of Altona.

The bridegroom is the fourth son of Mr. and Mrs. N. Haslam, of Birchip.

Mr. Graham Trotter, of Werribee, was best man and Mrs. Trotter was matron of honor.

The Rev. W. M. Service, of Werribee, a family friend, performed the marriage service.

A reception was held at the RACV Club.

Mr. and Mrs. Haslam had a honeymoon tour in Tasmania and are now living in Williamstown.

Speedway traffic 'hazard' — APC

People leaving the Brooklyn Speedway after night races are in danger of being killed by cars travelling along Kororoit Creek Road, Mr. R. C. Gillham said yesterday.

Mr. Gillham, general manager of the Altona Petrochemical Company, told The Star he and his employees were "vitally concerned" with the safety hazard near the speedway exit.

He said the reckless behavior of patrons leaving the track for their cars parked along Kororoit Creek Road "represents a serious hazard to all concerned."

"Their behavior, combined with the poor lighting along the roadway, has made our plant council members wonder that there hasn't already been a fatal accident."

Mr. Gillham wrote recently to Altona Council asking for assistance to reduce the safety hazard along the road at night. "A number of APC's employees travelling to work or home on occasions when the speedway has been in use, report that the combination of poor lighting and the behavior of patrons, is a serious hazard," he told councillors.

He added that an easy solution to the problem was not apparent, and that if the matter was in some degree outside Altona's jurisdiction,

officers could "perhaps bring it to the attention of the neighboring council (Werribee Shire)".

Mr. Gillham told The Star the plant council, which includes representatives from all divisions of the company, had discussed the problems at their last meeting.

"It seems a number of the shift workers have come across dangerous situations near the speedway exit."

"They are naturally worried that a fatality could occur."

"Apparently the parking facilities at the speed-

way are inadequate, or the fans don't use them, because the problems begin when people leave the track to walk to their cars."

Councillors agreed that the city engineer, Mr. Ralph Simmons, should investigate the lighting provided along Kororoit Creek Road near the speedway. He will report back next month.

They also agreed to refer the matter to Werribee council, the police, the Road Safety and Traffic Authority and the Country Roads Board.

Swim night for Scouts

The First Altona Scout Group is having a swim night at the Newport Swimming Pool on Friday, June 4.

Parents and supporters are welcome to come with admission 50 cents.

The Cubs meet again on Thursday, May 27, and will be holding a "swagman's day" at the Pines, Altona, on May 29.

Council cleans up and wins praise of EPA

Thanks, Williamstown Council, says the Environment Protection Authority, for removing dumped rubbish from Maddox Street and the vigilance of your officers in the area.

How to plan for early retirement

An organisation aimed at planning early for retirement will be formed in Williamstown.

To be known as the development officer, Mr. Ian Walker. Early Planning for Retirement Association (EPRA) aims to help people to make retirement a happier and healthier time by being prepared and active in the different demands that retirement signifies — in relation to providing information and support in all areas of life including:

Housing, health, activities, work and leisure, welfare, finance and legal.

The inaugural meeting will be on Wednesday, June 2, at 7.30 p.m. in the supper room, Williamstown Town Hall.

Maddox Street and the surrounding area in Williamstown has for many years been the favorite spot for local illegal rubbish dumpers.

The acting chairman of the EPA, Mr. John Alder, said this week that the council responded readily to an EPA request that it clean up in and around Maddox Street.

"The illegal dumping of rubbish on the sides of minor roads and the consequent health and aesthetic problems have always been a headache for local government authorities," Mr. Alder said.

"Cleaning up dumped motor car bodies, garden rubbish, garbage, old furniture and assorted junk takes more than manpower and organisation to accomplish. It takes the determination of an environmentally-conscious council to ensure that their area is protected from despoilers."

Mr. Alder said the authority hoped that other councils would follow the example set by Williamstown and clean up any "forgotten" area.

Louise Aramini, 12, of Spotswood, may not be a Margot Fontaine yet but she's working at it. Louise trains three times a week with the Solymossy Ballet and Music Academy.

She also performs at the Experimental Dance Theatre, 49 Bouverie Street, Carlton, which has a ballet afternoon every Sunday.

The dance programmes begin at 2 p.m. and consist of various styles of dancing — from classical ballet to jazz and comedy.

Tickets for the shows are \$2 for adults and \$1 for children or students. For more information ring Mrs. E. Mrongovius on 347 9491 or 69 1906.

New Laverton motel gets liquor licence

Moves to establish Laverton's Westgate Motel as a meeting place for western businessmen will be enhanced by last week's decision to grant it a liquor licence.

The motel was built by a consortium of local businessmen.

Since opening in February it has been run successfully by managing director John Kay.

John has been concentrating on getting the motel and the high quality diningroom running smoothly.

The diningroom can seat nearly 200, and can be partitioned to almost any number and size of combinations to cater for parties.

There is also a dance floor and facilities for entertainers, a regular feature.

Special service includes businessmen's lunches, midday to 3 p.m. Monday to Friday, family dining, 6.30 to 11.30 p.m. nightly, with entertainment Monday to Sunday.

There will be special guest artists every Friday night.

Ethnic community nights are planned for Sunday nights with various appropriate attractions.

The first will be a continental night with entertainment and a special guest artist on Sunday, May 30.

Three-course meals in the diningroom are \$8.50.

While the diningroom concentrates on local people the motel provides full accommodation with room service.

Alternative plan for saleyards

Sunshine Council, fighting hard against the establishment of new metropolitan saleyards-abattoirs at Derrimut, has come up with an alternative location.

For 50 years it has been intended that the complex would be transferred from Newmarket to Derrimut.

When the move was first planned, Derrimut was open rural land.

The area around the proposed site is not heavily built-up.

Residents of Altona are also concerned about the move.

They fear that surface water drainage and industrial draining will have an adverse effect on district waterways including Cherry Lake.

Minister told

Sunshine's alternative proposal was given to the Minister for Agriculture, Mr. Smith, when he was visited by a deputation.

It comprised Sunshine's city engineer, senior health inspector, planner and deputy planner, as well as Mr. A. W. Knight, MLC, Mr. W. Fogarty, MLC, and Mr. G. Stirling, MLA.

The alternative proposal says the new complex should be established near Rockbank where there is a suitable buffer zone of many hundreds of acres.

Mr. Smith gave the deputation assurances that the council's plan, entitled "Newmarket saleyards — the Economics of Reloca-

tion" would be fully considered.

He said the Government was at present forming a committee to investigate thoroughly the details of the relocation of the complex.

This committee would be asked to study closely the proposals in the deputation's report.

He also assured the deputation that Sunshine council would have the opportunity to put any more material it wanted to before the new committee.

In an effort to gain support for its case, the council is printing 300 copies of the report.

Sunshine's mayor, Cr. Ian Mill, said he wanted to offer special congratulations to the member for Sunshine, Mr. Fogarty, for the way he had often raised the matter in the Legislative Assembly.

Cr. Mill also spoke of the work of the chief planner, Mr. John Dalton, in preparing the alternative plan.

Cr. Don McKay: "This was the first job that was put on the planner's plate when he was appointed, as I recall, and I would be a bit wary about congratulations if it has taken all this while."

Leisure '76 time

The Leisuretime Show '76 in the Exhibition Building between May 29 and June 6 will feature hundreds of exhibits ranging from things in and around the house to such outdoor activities as hang gliding.

There will be displays of swimming pools, saunas, camping, health and fitness gear, a variety of do-it-yourself ideas, billiards, gardening and ballroom dancing.

A highlight will be a complete handicrafts fair where nearly 100 individual art and craft stands will offer wares for sale.

The range will cover patchwork, sculpture, paintings, pottery, jewelry, floral arrangement and macrame.

Russian stamps display

Russian stamps from the days of the revolution to the Sputnik will be shown at an Altona Philatelic Society display at the Altona West Primary School, Belmore Avenue, from 7.30 p.m. tomorrow night (May 27).

The collection is that of Mr. J. Findling, of Williamstown.

This month's meeting will follow the usual pattern of auction, display, refreshments, circuit sheet sales.

The March meeting decided to spent up to \$70 on two mobile display cases for exhibiting stamps during Australia's National Stamp Week in September.

Not all fun and games for Denis Morgan

Being a recreation officer isn't all fun and games — just ask Denis Morgan, the latest addition to the staff at Altona Council.

Denis has the seemingly difficult task of not only making people of all ages aware of the recreational facilities available in Altona but also to get them actively involved.

Which is a pretty tall order when you consider that before taking on the job he had been a retail manager for seven and a half years.

However, Denis feels he can handle the job, "really the facilities available here are superb," he said last week.

"The amount of parkland is much higher than most suburbs and the possibilities are tremendous."

A top sprinter with the Power House Athletic Club with times of 10.6 for the 100 metres and 21.4 for the 200 metres, Denis said that it wasn't his job to try and get people fit.

"I want to make them aware of the facilities here but whether they get fit or not is up to them. Recreation does not have to mean physical sport."

"People are getting more and more leisure time and it has to be filled in some way," he said.

Denis will be supervising and co-ordinating several projects in conjunction with the Altona Recreation Advisory Committee, according to the town clerk, Mr. Sid Fell.

He said that Denis would be reporting to the council every month.

The Ministry for Youth, Sport and Rec-

reation has granted \$7500 towards his salary.

Denis said that if anyone had difficulty in joining certain recreational groups in the area they could contact

him at the Civic Centre, on 398 2244.

● Denis is pictured jogging with two Little Athletic members, Stephen Green (on the left) and Andrew Jachno.

IDENTITY DIES

Mr. William Taylor, a Williamstown identity who had been associated with the area nearly all his life, died last week, aged 88.

Born in 1888 in Hotham Street, Moonee Ponds, his father, James, was a member of the Saltwater (Maribyrnong) River Trust, which was responsible for beautifying the river area.

After moving to Castlemaine and becoming an apprentice engineer, he settled in Williamstown in 1912 where he worked for the Railways at the Newport Workshop.

He enlisted in the 2nd Pioneer Battalion in World War I, serving in South Africa until poor health forced him to return.

In his spare time he worked for the Williams-

town Red Cross branch (where the RSL building now stands) and made exercising equipment for hospitals.

He worked at Richardson Gears, Whitehall Street, Footscray, for 20 years and then was employed by the Hobson Bay and Dock Engineering Company where he worked until his retirement at the age of 72.

Mr. Taylor was a member of the amalgamated Engineers Union (now the AMWU) for 60 years and was a trustee and foundation member of the Newport union branch.

His son, Jim, has been a member of the union for 43 years.

Mr. Taylor's hobby was model steam engines and he had a workshop in his garage where he made model engines.

He was a member of the Lake Goldsmith Steam Preservation Society for many years and often showed his models at displays.

Mr. Taylor had recently moved to Marsh Street, Altona. He is survived by his children, Jim, Mollie and Nell, nine grandchildren and 15 great grandchildren.

Williamstown Council briefs

The Minister for Youth, Sport and Recreation, Mr. Dixon, is considering an application for financial assistance in extending the Westgate Golf Course.

Mr. A. W. Knight, MLC, has told Williamstown Council that the Minister has offered to "fully consider" the application.

He will give his decision to the council as soon as it is reached.

The problem of danger from parked heavy vehicles has been sent right back to Williamstown Council by the Chief Secretary, Mr. Dickie.

Through Mr. A. W. Knight, MLC, Mr. Dickie told Williamstown and other western councils that the police had been told to give attention to dangerously parked heavy vehicles.

However he also pointed out that it was an area in which municipal traffic officers were empowered to act.

Victoria's chief Health Officer has told the council he is concerned about increasing amounts of literature in the community suggesting danger from fluoride in the water.

He wanted to point out to council that the World Health Organisation had resolved there was no danger from fluoride.

The former Presbyterian Manse at 27 Lyons Street, Williamstown, is staying on the State register of historic buildings.

This is the decision of the Historical Buildings Preservation Council as conveyed to last week's meeting of the council.

However, it was decided to remove the rear timber wing so that the owner does not need a

permit from the HBPC to remove or alter it.

The Industrial Hygiene Branch of the Health Commission of NSW has told the council it considers copper chrome arsenate treated timber is safe for use in children's playgrounds. This is particularly so after some wheat-harvesting.

The branch said that when the timber is being installed it should be washed if there was any obvious crystal build-up on it.

Mr. Ralph Willis, MHR, has told the council he considers it would be detrimental to the west if the Australian Assistance Plan was drastically cut.

WRC slammed over 'stupid letter'

A Williamstown Councillor has slammed the Western Region Commission for writing what he called a "stupid letter" to the council.

He is Cr. J. C. Bird, who was commenting on a letter from the WRC, concerning the Newport Quarry.

The letter said the WRC had recorded its regret that it had not yet been consulted on the quarry.

It drew the council's attention to the conditions on the AIP grant to buy the quarry and pointed out that other member councils had supported the move on the understanding it would be available for tipping purposes.

Condemning the letter,

Cr. Bird, said the WRC had been given all the decisions of council on the quarry, and knew exactly where the council stood.

Cr. P. J. Lalor: "The point is that we are in disagreement among ourselves, and that point is generally understood."

Cr. R. Dawes: "I think some of the members of the Western Region Commission take too much notice of what is in the newspapers."

"People fly all kinds of kites in the newspapers that have nothing to do with the council's attitude."

Lions seeking Quest girls

Footscray Lions' Club appealing for girls from 15 to 25 years to take part in the 1976 Miss Footscray Quest.

Girls who enter take part in functions organised by the Lions and help to raise funds for community-service work in their own areas.

The quest has three sections — Miss Footscray, judged on personality and poise; Miss Community Service, the girl who raises the most money; Miss Photogenic, judged on photographs taken during the quest.

Girls, if you would like to know more about it, please phone Lorna Bevers (314 5056), Gwen Molloy (37 4075) or Noel Skurrie (68 3750).

Or you can write to the quest Marilyn Bennet, at 7 Graham Street, Kangaroo Flat, 3555.

PWP plans

Coming events for Gelli-brand Parents Without Partners:

Friday (May 28): discussion night at PWP office, Western Region Resources Centre, 85 Cowper Street, Footscray.

Saturday: Card night at Bill's.

Sunday: Picnic at Hanging Rock — Meet at Coles car park 11 a.m.

Wednesday: Speaker from Lifeline at WSRC.

Exchanging pulpits

The ministers of two Williamstown churches will exchange pulpits for a day next Sunday.

The Methodist circuit minister, the Rev. L. Slee, will preach at the Congregational Church, Stevadore Street, at 11 a.m.

And the Congregational Minister, the Rev. H. M. Moorhouse, will preach at St. John's Methodist Church, Electra Street, at 10 a.m.

The 7 p.m. service at St. John's will be conducted by Mr. Slee.

Plans for next Sunday at other churches involved in the Uniting Church are:

Spotswood Methodist — 10.45 a.m., the Rev. Chester Hodge, of St. Stephens Church, Melbourne Road.

St. Stephens — 9.30 a.m. Mr. Hodge.

Westgate — 11 a.m. Mr. L. Barns.

Thursday Church will be held at Spotswood Methodist Church at 1 p.m. tomorrow and again on June 10, at noon.

Pam's Column

Hi Girls,

If you are looking for jewellery for that special occasion, or just for every day wear, pop in and look over our new seasons range, latest fashions in ear rings, chains, beads and chokers for example hand painted beads in browns, greens and blues, long rope beads made from apple seeds, chokers made out of polished bone, and pebbles, even some made out of spaghetti. Sounds pretty silly, but it looks terrific so remember to come in for a look.

Max Factor has just updated their ultralucet range, with a new whipped creme buff-on blush. A velvety sheer blush that colors your cheeks and leaving a fresh natural glow in four shades, glowing pink, glowing peach, glowing plum and glowing bronze.

Whipped Creme pressed powder, a creamy micro-refined powder creates a smooth and natural unmatte finish Whipped creme make-up. A light fluffy creme make up with a see through coverage its built in moisture protects and pampers your skin giving a fresh feeling. Lash lengthening whipped creme mascara, creamy rich mascara with delicate fibres to add extra length to lashes, the lash builder brush makes lashes appear longer, fuller and thicker.

It is also water resistant and smear resistant shades available are black, brownish black and brown.

A great special at the moment girls is the cyclax duo containing creme dew. A light creamy under make up base quickly absorbed, giving extra protection against harsh weather conditions. And for no extra charge a translucent pressed powder. Can be worn over all shades of foundation adds coverage without color, and its great for touch ups.

My City

WILLIAMSTOWN

Laurie Slee

ALTONA

Vera Wells

Recently I received two unsigned letters from people probably of this city. They arrived by special personal delivery, just popped into the letterbox, addressed to the minister.

Both letters warned against national evil, and invited me to lift up my voice. I often get such letters.

One letter said bluntly "our society stinks" because communism and capitalism are tearing the life and soul out of our citizens. The writer is quite correct, for I, and every preacher, have said the same thing so many times and in different ways, and we will go on saying it.

Communism and capitalism are tearing the life and soul out of our citizens, your life and soul, my life and my soul.

The second writer wrote of the Darwin tragedy of Cyclone Tracy. He was not as extreme in his writing as I half expected. "Tracy struck the only Australian capital city with no skyscrapers," he observed, and the inference for Melbourne is clear.

The selfishness and greed of the whole of society places our world in jeopardy. Australians, beware, is my writer's cry.

I endorse his concern. Those who listen to my preaching and my praying know how I ache at the sins of my city and my world. Those same listeners also know how I try to commend the good that is done by those who populate my city and my world.

Warning and encouragement — two sides of the same sermon. I share with the letter-writers the concern that economic and industrial problems are moral and spiritual problems at root.

Greed and generosity are in everyman's hand. Man is so capable and yet so foolish. That is why I point my City to Jesus Christ, Saviour of men.

In just about every town or city you will find an RSL hall, and I suppose each one has a story of how the returned men of the 1914 war got together to build it.

Our RSL hall in Sargood Street is a good example of this comradeship.

In about 1930 the Altona returned soldiers got together and on a vacant block of land on the Esplanade, near the pier built a dance palais and worked like beavers to raise enough money to buy the land in Sargood Street.

They ran a very good carnival, and what a bright addition it was to our crowded beach. A great success.

Remember the beach pyjama girl quest, the hoopla, the penny-on-the-square and the ring-the-coin games?

The spinning wheel and so many gambling type games — a real outdoor casino.

Then came the big day and the palais was moved to Sargood Street.

On Tuesday night they had a sixpenny (5c) dance, and who could wish for a more friendly dance. Here the beginners took to the floor and felt just as much at home as the good dancers.

The old progressive barn dance where good and learner dancers danced happily together.

Saturday night was mainly all good dancers, but young and old took the floor together.

There was much rivalry between the Newport, Williamstown and Altona boys in those days.

When out-of-town boys invaded, the dance and danced with an Altona girl it was war.

Now we have a brick front and nice club-rooms, but behind this is the old palais hall which holds so many memories of old Altona.

The First Altona Scout Group is having a bottle drive on Saturday, June 5.

Bottle drive

Anyone wishing to have venturers are welcome to meeting a flower-making their bottles collected, join the womens' aux-demonstration will be held should leave them near jiliary. The next meeting and all women are asked their front drive and the will be held at Mrs. B. to bring scissors, knitting scouts will be around to Bibby's home in Keeshan, needles and colored crepe pick them up. Court on Wednesday, June paper.

Orders for snowballs close on May 28 and all snowballs will be delivered on June 5.

A jamboree fund has been established to help local scouts who have qualified to go to the 11th Australian Jamboree which is being held in Dandenong later this year.

Kerson

PTY. LTD.

WINDOW REPLACEMENT

Six Good Reasons For Buying "KERSON."

Kerson aluminium sliding windows or doors, fitted into your home, immediately improve its appearance and increase its market value as well as eliminating future painting.

YOU — The home owner — appreciate the problems associated with old wooden windows — constant painting, reputtying, rotting surrounds, broken sash cords and glass.

Kerson Pty Ltd. will impress you with its attitude towards helping you with your problem.

At a time convenient to you we will install your new Kerson windows, to your complete satisfaction in an efficient and courteous manner. Only the very best tradesmen are employed to do this work on your home.

You will have no worries about weather-damage during installation because at no time will the inside of your home be subjected to the damaging effects of wind and rain, so do not put off replacing your windows just because winter is upon us.

We will make your new windows to suit the size of your existing ones or alternatively enlarge the openings or even create openings if that is your wish. During installation, if our tradesman finds any serious rot problems in the frame surrounding the old windows, he will show you and ask you if you would like it rectified while he is on the job. This decision is yours to make only after we have given you a quote on the extra work.

When you ring George Hartley on 311 9080 he will call personally at your home, on appointment, and give you a quotation on the cost of your required job which will set out exactly what you get for what you pay.

At Kerson there are no hidden catches and you only pay for the job when you are completely satisfied.

CITY OF FOOTSCRAY

TOWING OF ABANDONED VEHICLES

Tenders suitably endorsed to be deposited in the Tender Box at Town Hall, Footscray, will be received until 4.00 p.m. Wednesday, 2nd June, 1976, for the Hire of Tow Trucks and drivers.

Specifications can be obtained from City Engineer's Office.

Lowest or any tender not necessarily accepted.

K. P. MEEKCOMS, City Engineer.

CITY OF FOOTSCRAY RESTRICTIONS OF TRAFFIC

Council has resolved on the 17th day of May, 1976, to restrict the use by heavy or large vehicles of certain roads and streets in the municipality. This will have the effect of generally restricting such traffic to Hyde Street, Nicholson Street and Napier Street.

The restrictions apply to all vehicles (other than exempted vehicles) having a gross weight of three tonnes or more unless the Council by its Authorised Officers have consented in writing to that vehicle passing along the street or road. An exempted vehicle is:—

1. Vehicles owned by any Statutory Authority or Corporation, when the use of the said street or road is necessary for performance of their duty in the area.
2. Motor cars, registered as private, with trailers attached whilst actually proceeding to or from the owner's residence in the area, and the use of the said street or road is necessary to obtain access to that residence.

The penalty for a prohibited vehicle passing along any street or road designated or any part thereof is \$100 and may apply to the owner as well as the driver of the vehicle.

After 14 days from this day notices shall be erected throughout the municipality indicating the restriction or prohibition of the nearby designated road or street.

Any objections to the proposed prohibitions will be considered by Council if any such objection is made in writing to the Town Clerk within 10 days of this advertisement.

The roads or streets designated by the Council are as follows:—

EASTWOOD STREET (FULL LENGTH)

Notice "Vehicles over 3 tonnes prohibited in Eastwood Street" will be installed at the north-west corner of the intersection with Lyons Street and the south-east corner of the intersection with Smith Street.

POLE STREET (NICHOLSON STREET TO BELLAIRS AVENUE)

Notice "Vehicles over 3 tonnes prohibited in Pole Street" will be installed at the south-west corner of the intersection with Nicholson Street and the north-east corner of the intersection with Bell Street.

PRINCESS STREET (HYDE STREET TO NICHOLSON STREET) (NICHOLSON STREET TO BELLAIRS AVENUE)

Notice "Vehicles over 3 tonnes prohibited in Princess Street" will be installed at the south-west corner of the intersection with Hyde Street, the north-east corner and the south-west corner of the intersection with Nicholson Street and the north-east corner of the intersection with Bellairs Avenue.

FAIRLIE STREET (FULL LENGTH)

Notice "Vehicles over 3 tonnes prohibited in Fairlie Street" will be installed at the south-east corner of the intersection with Berry Street and the north-west corners of the intersection with Somerville Road.

BELLAIRS AVENUE (POLE STREET TO SOMERVILLE ROAD)

Notice "Vehicles over 3 tonnes prohibited in Bellairs Avenue" will be installed at the north-west corner of its intersection with Somerville Road, the southern corner of its intersection with Fairlie Street, the southern corner of its intersection with Princess Street and the southern corner of its intersection with Bell Street.

STEPHEN STREET (DANE STREET TO SOMERVILLE ROAD)

Notice "Vehicles over 3 tonnes prohibited in Stephen Street" will be installed at the south-eastern corner of the intersection with Dane Street, the north-west corner and south-eastern corner of the intersection with Princess Street, the north-west corner and the south-east corner of its intersection with Berry Street and the north-western corner of its intersection with Somerville Road.

LITTLE BERRY STREET (FULL LENGTH)

Notice "Vehicles over 3 tonnes prohibited in Little Berry Street" will be installed at the north-west corner of its intersection with Berry Street.

DANE STREET (FULL LENGTH)

Notice "Vehicles over 3 tonnes prohibited in Dane Street" will be installed at the north-eastern corner of its intersection with Bellairs Avenue.

BELL STREET (FULL LENGTH)

Notice "Vehicles over 3 tonnes prohibited in Bell Street" will be installed at the south-eastern corner of its intersection with Pole Street.

K. P. MEEKCOMS,
CITY ENGINEER.

Vikings fly high to scuttle RAAF

By Alan Burkitt

A first quarter burst of 7-4 after a tardy start put the result beyond doubt when the Vikings played a much bigger, but slower-thinking RAAF team at Tottenham on Sunday.

The air force boys were left flat-footed by the fast-moving play-on style of the Altona team. Alan "Pixie" Walgers was back to his best at centre half forward and combined well with full forward, Andrew Donnelly. Both kicked six goals.

Peter Mildenhall was playing well in the ruck. In the second term, when kicking against the wind, he saved many times from the back pocket with strong marking.

Gordon Wilson and his younger brother Andrew were both dominating their positions, and the Morgan twins, Glen and Robin were fast and elusive.

It was only bad kicking in the second half that prevented the eager Vikings from winning by much more than they did.

Scores:
Altona City: 7.4, 11.5, 18.14, 20.17 (137); RAAF Tottenham: 2.1, 5.5, 8.8, 10.12, (72).

Best: A. Walgers, A. Donnelly, P. Mildenhall, E. Valente, Wilson brothers, Morgan brothers.

Goals: Walgers, Donnelly 6, A. Wilson 3, G. Morgan 2, G. Wilson, R. Morgan, Valente.

RESERVES: The Altona number two side were beaten, but not disgraced, by a much improved South Melbourne Bloods team at Albert Park.

The Vikings gave the bloods a five-goal first half start, and appeared to be in trouble at the big interval. In the second half, the young Altona team played their best football for the year to take the game away from South.

When Altona hit the front and held a nine-point lead late in the final term, a win looked imminent.

The Bloods had different ideas, and fought back to kick a series of behinds to win the game with a

goal on the final siren. **Scores:** Altona City 11.7 (73), Bloods 11.13 (79). **Best:** S. Grainger, J. Davey, R. Heaney, I. Scott, I. Else.

Goals: P. Itter 3, S. Shiels, I. Else 2, W. Groome, T. Hogan, I. Scott, S. Grainger.

The seniors are at home to Maidstone on Sunday, with the reserves out to take revenge on Hoppers Crossing in the early game.

Under 17: A good exhibition of high marking from Phil Stevens highlighted Altona's near miss at Sunshine on Sunday.

Scores: Altona City 9.8 (62), Sunshine Heights 11.10 (76).

Best: Phil Stevens, J. Burkitt, P. Stephens, A. Hitch, J. Rafferty.

Goals: M. Lokaj, Stevens, son.

Hitch, D. Richards 2. **Under 15:** Chatfield's Chargers scraped in by a goal at Williamstown on Saturday. Star of the game was Wayne Smith with eight goals. Wayne is a grandson of ex-Footscray star, Charlie Sutton.

Scores: Altona City 13.4 (82), Williamstown 12.4 (76).

Best: Smith, G. Scholes, N. Condon, D. Schmidt, G. Burnett, P. Richards.

Goals: Smith 8, Richards 3, S. Kimpton, W. Muschiali.

Under 13: Altona City 1.6 (12) v. Williamstown 7.1 (43). **Under 12:** Altona City 2.2 (14) v. Werribee 8.2 (50).

Best: J. Field, R. Martin, S. McGraw, M. Robinson, D. Krol, C. Skerry. **Goals:** J. Field, S. Robinson.

GULLS IN GOOD WIN OVER FRANKSTON

Williamstown, at home on Sunday, comfortably beat the previously undefeated Frankston after a scoreless second quarter.

Frankston surprised the Gulls with their pace early and booted their first through Doherty.

But Bruce Alexander soon replied with two goals for Town and Mike Brown followed with another.

Alexander got two more, but Frankston, goaled again.

At the first change, the Gulls led by 28 points. In the second term, defending against the wind, the Gulls tried to keep the ball near the bay-side boundary.

Kerr and Kennedy came into their own.

Fanning rucked well and Frankston found it hard to get the ball on the Morris Street (scoring) boundary.

The third quarter was Willy's and goals rained in, Brown kicking three. At the final change they led by 39 points.

Against the wind in the last quarter Col Boyd and Bob Percy were very steady.

Jeff Scott, quiet early,

came in with a three-goal burst.

Frankston went forward but steady full-back Kennedy was their stumbling block.

Mike Brown came off with an injured ankle and Brian Lowed took his place.

Fanning and Scott, with the 18th and 19th goals, drove the final nails into the coffin of the leaders.

Williamstown 6.4, 6.4, 14.9, 19.12, (126).

Frankston 2.0, 5.6, 8.6, 11.9 (75).

Goals: Alexander 4, Brown 4, Scott 3, Cross 2, Gardner 2, Fanning 2, Harley, Percy.

Best: Kennedy, Kerr, Fanning, Alexander, Boyd, Cross, Tweedy, Moore.

Frank Briner, from Port Melbourne, played his first game for the Gulls and showed up at times.

WILLIAMSTOWN CENTRAL MOTORS award votes: Cross 3, Boyd 2, Fanning 1.

Progressive: Boyd 5, Cross 3, Scott 2, Gardner and Fanning 1 each.

The Seconds had a woeful Saturday at Frankston and were beaten again.

Frankston 15.28 (118), Williamstown 6.8 (42).

Goals: Boxall 2, Foote 2, Walker, Jones.

Best: Courtot, Boxall, Jones, Burgess, Marshall, Walker.

Gary Ward is elated with his Gull Chicks (the Thirds) as they took over from Frankston the third berth in the four. A dashingly, courageous win on a wet day.

Williamstown 13.14 (92),

Alf plays his 100th

by Barry Height

Central Altona's captain-coach, Alf Sturnieks, played his 100th game for the club on Saturday, and lead the side to a good win over Brooklyn.

He was one of the best players afield, and dominated with his high marking.

Youngster Rod Olds won 28 kicks for the day, and is obviously destined for higher grade football.

Alan Donnar, on a half-back flank, proved a stumbling block for most Brooklyn attacks. However, Centrals didn't handle the conditions as well as expected, and will have to improve in this area.

Scores: Centrals 12.13 (85), Brooklyn 7.9 (51).

Goals: R. Olds, C. Peat, L. Cooke, 3; W. Kennedy, C. Carrol, M. Ivory. **Best:**

R. Olds, A. Sturnieks, A. Donnar, M. Ivory, P. Rogash.

The reserves scored a convincing win over Brooklyn.

A feature of the game was the dominating play of Russell Sullivan, playing his first match with the team.

He was noticeable all over the ground, and easily best afield.

Scores: Centrals 24.20 (168), Brooklyn 6.2 (38).

Goals: J. Holden 7, Castriagnano 4, M. Smith, K. Morten 3, K. Gilchrist, M. Downie 2, M. Lawrin, E. Hatzis, V. Perras. **Best:** R. Sullivan, J. Holden, K. Gil-

christ, K. Murrell, E. Hatzis.

Under 10: Centrals 1.1 (7), Williamstown 1.0 (6).

Goal: R. Bencic. **Best:** Politides, B. Lowe, Bennett, Pastore.

Easy win to West

In wet conditions on Saturday, Central Newport took their game up to West Newport in the first quarter, but from there on, the game was West's.

At the first change Central led by only one point. At half-time West's lead had grown to 51 points, and their ruthless play continued for the remainder of the match, as they piled on goal after goal.

Scores: West Newport 23.15 (153), Newport Central 6.8 (44).

Goals: Cavanagh 6, Pitt 4, Leighton 3, D. Broughton, Carrington, W. Chitty, Luttick 2, Farrar, Hatzill. **Best:** R. Broughton, W. Chitty, R. Chitty, Leonard, Pitt, Xuereb.

SECONDS: West Newport 27.15 (177), Newport Centrals 4.6 (30).

Best: Bosman, Davey, L. Garlick, Saunders, Schenck, Webster.

Goals: Saunders 7, Webster 5, Davey 4, Bosman 3, Garlick, Vanstone 2, Howneyman, Schenck.

West's young and enthusiastic team took an early lead in this game and relentlessly stormed

the goals for 100 minutes. **UNDER-17:** Werribee 14.8 (92), West Newport 9.13 (67).

Best: Cutajar, Durkin.

Farrar, Hall, Pedersen, Robinson.

Goals: Kennins 4, A. Mounas 2, Kassai, Livingstone, Robinson.

COOK FEMALE

We require an experienced Cook to work in our modern air-conditioned canteen.

Applicants must have experience cooking for large numbers and be familiar with the operation of a large industrial canteen.

Age: 30-45 years. Wage commensurate with experience and potential. Timetable: 7 a.m.-3.30 p.m.

An excellent retirement fund scheme and life assurance benefits are conditions of employment.

Please direct all enquiries to the Personnel Officer, Monday-Friday, 8.30 a.m. to 4.30 p.m. Telephone 311 5122.

ARC ENGINEERING PTY. LTD.

526 Ballarat Road, Sunshine, 3020.

QUALITY CONTROL

Our Liquid Inks factory requires a Texter to undertake the quality control of our Gravure and Flexographic inks and metal coating and to maintain records of these activities.

Experience in laboratory testing with some color matching is sought and experienced in the ink or surface coating industry would be preferred. However we are prepared to train the appointee if necessary and bright school leavers will be considered.

LOCATION: Brooklyn.

Good wages and conditions will be negotiated. Superannuation will be available after a qualifying period.

Telephone Mr. R. Huxtable, on 314 0799

to arrange an interview at
